

PORTABLE GAS CUTTING MACHINE

- Versatile Gas Cutting Machine
- Capable to cut any length straight line(any length), square, bevel & circle
- Smooth speed control with variable resistance control technology
- Resistance to backfire
- Economy of gas saving
- Torch as per IS 7653
- Specialty : Fitted Heavy Duty motor, Plated Cutting Torch & Abrasion resistant packing used,

Technical Specification

MODEL	Max. Thickness Cut	Max. Square Cut	Max. Bevel Cut	Circle Cut	Cutting Speed	Gas Hose Connection
HIND	100 mm MS	100 mm thick	45° and 75 mm thick MS	75 – 1140 mm Diameter	190 - 830 mm/min	1/4" BSP RH & LH
